Your flat search via our online applicant portal “My Real ID”

As a real estate company which is linked to the local authorities, we are in a position to provide modern and affordable housing for broad sections of the population. Due to the difficult housing market situation, we have adapted our rental process to allow you to find a suitable flat more quickly and efficiently.

How can I find a suitable flat with wbg and how can I apply for it?

This is very easy to do digitally from your home or when you are out and about via our website. All of our available flats can be rented via the website: <https://wbg.nuernberg.de/mieten>. There, you will be supported in your search for a flat by our online applicant portal “My Real ID”.

It is very easy!

- Step 1: Look at the flats on offer at <https://wbg.nuernberg.de/mieten>.
- Step 2: Apply for flats (up to 5 applications possible at the same time).
- Step 3: Set up a free account and complete the information about yourself.
- Step 4: Upload the necessary documents.
- Step 5: You will be kept informed about the current status of your application (e.g. invitation to a viewing appointment).

Tips:

- You can update your digital input and the uploaded documents at any time.
- The more complete your documents are, the easier it is to assess in advance whether a flat is suitable for you.
- The verification of your identity by means of WebID and the Schufa credit report is not necessary for your application.

What advantages does the digital application have for you?
